GIRL SCOUTS OF OREGON AND SOUTHWEST WASHINGTON, INC.

Audited Financial Statements

For the Year Ended September 30, 2018

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Girl Scouts of Oregon and Southwest Washington

We have audited the accompanying financial statements of Girl Scouts of Oregon and Southwest Washington (a nonprofit corporation), which comprise the statement of financial position as of September 30, 2018, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Girl Scouts of Oregon and Southwest Washington as of September 30, 2018, and changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

McDonald Jacobs, P.C.

We have previously audited Girl Scouts of Oregon and Southwest Washington's 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 13, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Girl Scouts of Oregon and Southwest Washington, a nonprofit corporation, (the Council) is a chartered Council of the Girl Scouts of the United States of America. The purpose of Girl Scouting is to build girls of courage, confidence, and character who make the world a better place. The Council serves nearly 30,000 members throughout Oregon, and Clark and Skamania Counties in Washington. The Council's revenues are derived primarily from contributions and product sales within those geographic areas.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

The Council reports information regarding its financial position and activities according to three classes of net assets based on the existence or absence of donor-imposed restrictions as follows:

- Unrestricted net assets represent net assets not subject to donor-imposed stipulations.
- Temporarily restricted net assets represent net assets subject to donor-imposed stipulations that may or will be met by actions of the Council and/or the passage of time.
- Permanently restricted net assets represent net assets subject to donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the Council.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Council considers all highly liquid investments available for current use with maturities of three months or less at the time of purchase to be cash equivalents.

Accounts Receivable

Accounts receivable are reported at the amount management expects to collect on balances outstanding at year-end. Management provides for potentially uncollectable amounts through a valuation allowance based on its assessment of the current status of individual accounts. The Council determines its allowance for uncollectible accounts by considering a number of factors, including the length of time accounts are past due, ability to pay and previous collection history, as well as the economy as a whole.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Contributions Receivable

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period the Council is notified of the commitment. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Bequests are recorded as revenue at the time the Council has an established right to the bequest and the proceeds are measurable. An allowance for uncollectible contributions receivable is provided based on management's judgment, including such factors as prior collection history, type of contribution, and nature of fundraising activity.

Inventory

Inventory consists of uniforms, badges, and other Girl Scout related merchandise. Inventory is valued at average cost.

Investments

Investments in equity securities, money market funds, and all debt securities are carried at fair value. Investments in bank savings accounts are carried at cost plus accumulated interest. Gains and losses on investments are reported as increases and decreases on unrestricted net assets unless their use is restricted by donor stipulation or by law. Interest and dividend income is accrued as earned and reported net of investment advisory fees.

Property and Equipment

Acquisitions of property and equipment in excess of \$1,000 are capitalized. Property and equipment purchased are recorded at cost. Donated assets are reflected as contributions at their estimated values on the date received.

Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives of the assets, which range from 10 to 40 years for land improvements, buildings, and building improvements and from 3 to 10 years for office and program equipment. Land is not subject to depreciation.

Restricted and Unrestricted Revenue and Support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Temporarily restricted contributions are classified as unrestricted when the restriction is satisfied in the same fiscal year the contribution is received.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Donated Assets and Services

Donations of property, equipment, materials and other assets are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose.

Donations of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about the duration these long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

The Council recognizes donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would be purchased if not provided by donation. These donated services are recognized at fair value.

Program Revenue and Deferred Revenue

Revenue from product sales and program fees (exchange transactions) are recognized at the time the goods or services are provided and the revenue is earned. Funds received in advance of a program are recorded as deferred revenue.

Advertising

Advertising costs are expensed as incurred. Total advertising expense for the years ended September 30, 2018 and 2017 approximated \$26,500 and \$24,100, respectively.

Unemployment Insurance

The Council is self-insured for unemployment and maintains a balance with a trust company in an amount sufficient to pay estimated future claims. Deposits to the trust are recorded as prepaid expenses. Unemployment claims paid reduce the trust asset and are expensed. Unpaid claims outstanding at year end represent a potential liability of the Council.

Income Tax Status

Girl Scouts of Oregon and Southwest Washington is a nonprofit corporation exempt from income tax under section 501(c)(3) of the Internal Revenue Code. No provision for income taxes is made in the accompanying financial statements, as the Council has no activities subject to unrelated business income tax. The Council is not a private foundation.

The Council follows the provisions of FASB ASC Topic Accounting for Uncertainty in Income Taxes. Management has evaluated the Council's tax positions and concluded that there are no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this Topic.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Council has evaluated all subsequent events through February 4, 2019, the date the financial statements were available to be issued.

Summarized Financial Information for 2017

The financial information as of September 30, 2017 and for the year then ended is presented for comparative purposes and is not intended to be a complete financial statement presentation.

ACCOUNTS RECEIVABLE

Accounts receivable are unsecured and consist of the following at September 30, 2018 and 2017:

	2018		 2017
Accrued interest receivable	\$	20,872	\$ 22,768
Accounts receivable		76,037	 58,265
Total receivables		96,909	81,033
Less allowance for uncollectible accounts		61,974	53,979
Net accounts receivables	\$	34,935	\$ 27,054

3. CONTRIBUTIONS RECEIVABLE

Contributions receivable represent unconditional promises to give as follows at September 30, 2018 and 2017:

	2018		 2017	
Contributions receivable within one year	\$	30,892	\$ 19,242	
Less allowance for uncollectible accounts		827	 1,118	
Net contributions receivable	\$	30,065	\$ 18,124	

4. INVESTMENTS

Investments are summarized as follows at September 30, 2018 and 2017:

	 2018	2017		
Money market funds	\$ 28,675	\$	56,246	
U.S. Government and corporate debt				
securities	2,115,510		2,044,780	
Equity securities	2,713,822		2,525,303	
Beneficial interest in assets held at Oregon				
Community Foundation	 1,003,615		911,592	
Total investments	\$ 5,861,622	\$	5,537,921	
Investment income consists of:				
Interest and dividends, net fees of \$38,587				
in 2018 and \$34,649 in 2017	\$ 113,954	\$	102,251	
Change in value of investments	190,568		343,377	
Change in value of beneficial interest	1,151		34,384	
Net investment income	\$ 305,673	\$	480,012	

The Council has entered into various agreements with the Oregon Community Foundation (OCF) in order to achieve improved performance results with respect to investments and enhance long-term planned giving goals. Under the terms of the agreements, variance power has been granted to OCF; however, the Council is the beneficiary of the funds and the transfer is reciprocal in nature. Accordingly, OCF recognizes the funds as liabilities on its statement of financial position. The Council receives distributions based on the provisions of the agreement with OCF. Additional distributions up to the entire balance of the funds may be made on a resolution of both of the organizations' Boards of Directors.

4. INVESTMENTS, Continued

A portion of the investments held at OCF consists of investments held in limited partnerships and real estate whose fair market values have been estimated by OCF management in the absence of readily determinable market values. The estimates are based on information provided by fund managers or the general partners, and real estate appraisals; therefore, the reported values may differ from the values that would have been used, had a quoted market price existed.

5. BENEFICIAL INTEREST IN PERPETUAL TRUSTS

The Council has a beneficial interest in two perpetual trusts that are held and administered by third-party trustees. Under the terms of the agreements, the Council receives periodic distributions from the trustees and retains an irrevocable right to such future distributions. The Council has recorded its interest in these trusts as a component of the permanently restricted net asset class, since the Council does not have access to the principal of the trusts.

The beneficial interest has been recorded using the fair value of each trust (based on quoted market prices) multiplied by the Council's interest in each as follows:

			В	eneficial
	 Value	Percentage	I	nterest
September 30, 2018				
Vanstrom Trusts	\$ 2,082,699	25%	\$	520,675
Lynch Trust	1,141,019	20%		228,204
Total beneficial interest			\$	748,879
September 30, 2017				
Vanstrom Trusts	\$ 2,066,253	25%	\$	516,563
Lynch Trust	1,155,823	20%		231,165
Total beneficial interest			\$	747,728

In accordance with the trust agreement, distributions from the Lynch Trust are restricted for use in specific Council programs. A separate bank account has been established to account for unspent distributions from the trust.

6. PROPERTY AND EQUIPMENT

Property and equipment consist of the following at September 30, 2018 and 2017:

	2018	2017
Land and land improvements	\$ 1,969,361	\$ 1,942,842
Buildings	8,951,750	8,965,043
Building improvements	3,011,724	2,566,789
Furniture and equipment	1,802,662	1,756,075
Vehicles	115,735	82,717
	15,851,232	15,313,466
Less accumulated depreciation	7,217,978	6,821,645
Property and equipment, net	\$ 8,633,254	\$ 8,491,821

Property and equipment includes land carried at \$10,486 that was received as a donation in a previous year. The donor included a stipulation that the land must always be used for Girl Scouting activities. As such, this land has been recorded as a component of the permanently restricted net asset class (Note 9).

Property and equipment includes buildings and improvements with a net book value of \$5,231 and \$5,897 at September 30, 2018 and 2017, respectively that were received as a donation in a previous year. The donors included a stipulation that the buildings must be used for Girl Scouting activities. Since these buildings do not have a permanent life, they have been recorded as a component of the temporarily restricted net asset class (Note 8). Releases from restrictions are recorded ratably over the estimated useful lives of the buildings.

7. BOARD DESIGNATED NET ASSETS

Board designated net assets include investments totaling \$4,858,007 and \$4,626,329 at September 30, 2018 and 2017, respectively, that the board has reserved for future programs and unexpected circumstances. The board has also designated funds to function as an endowment totaling \$210,166 and \$194,109 at September 30, 2018 and 2017, respectively (see Note 11). Funds can be released from the reserve by a vote of the Board.

8. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets consist of the following at September 30, 2018 and 2017:

	2018		2017
Lynch Trust distributions	\$	11,276	\$ 21,869
Net book value of donated buildings		5,231	5,897
Endowment earnings (Note 11)		79,824	53,774
Other program restrictions		112,998	137,086
Pledges receivable		30,065	18,124
Total temporarily restricted net assets	\$	239,394	\$ 236,750

9. PERMANENTLY RESTRICTED NET ASSETS

Permanently restricted net assets consist of the following at September 30, 2018 and 2017:

	 2018		2017
General endowments	\$ 88,373	\$	88,372
Named endowments	642,969		596,365
Beneficial interest in perpetual trusts	 748,879		747,728
Total endowments (Note 11)	1,480,221	1	,432,465
Donated land	 10,486		10,486
Total permanently restricted net assets	\$ 1,490,707	\$	1,442,951

10. NET ASSETS RELEASED FROM RESTRICTION

Temporarily restricted net assets were released from associated restrictions during the years ended September 30, 2018 and 2017 as follows:

	 2018	2017
Satisfaction of purpose and time restrictions	\$ 467,119	\$ 610,769
Expended earnings from donor-restricted		
endowment funds and other adjustment	32,646	26,133
Depreciation of donated buildings and improvements	 666	 2,222
Total temporarily restricted net assets released		
from restriction	\$ 500,431	\$ 639,124

II. ENDOWMENTS

The Council's endowment consists of 16 individual funds established for a variety of purposes. These funds include beneficial interests in perpetual trusts, which are further discussed in Note 5. The endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles in the United States of America, funds invested in the endowment may be included in all three asset classes: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Interpretation of Relevant Law

The Board of Directors of Girl Scouts of Oregon and Southwest Washington has interpreted Oregon's enacted Uniform Prudent Management of Institutional Funds Act (the Act or UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Council classifies as permanently restricted net assets (a) the original value of gifts, including subsequent gifts, donated to the permanent endowment and (b) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Council in a manner consistent with the standard of prudence prescribed by the Act. In accordance with UPMIFA, the Council considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the Council
- (2) The purposes of the Council and the donor-restricted Council
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Council
- (7) The investment policies of the Council

The Council classifies gift amounts received from donors that are restricted to the endowment fund as permanently restricted net assets. If the market value of a donor-restricted endowment fund exceeds the original gift as a result of investment earnings, then the excess amount is classified within temporarily restricted net assets, until all or a portion of the excess is appropriated for expenditure by the Council in a manner consistent with the standard of prudence prescribed by the Uniform Prudent Management of Institutional Funds Act (UPMIFA).

If the market value of an endowment is less than the original gift amount, the valuation difference is reflected in the financial statements as a reduction of unrestricted net assets. Funds designated by the Board of Directors to function as endowments are classified as unrestricted net assets. Donated land that is permanently restricted is not included in the endowment fund.

Investment Objectives and Endowment Spending Policies

The Council has adopted investment and spending policies, approved by the Board of Directors, which attempt to provide a predictable stream of funding to programs supported by its endowment funds without subjecting those assets to investment risk. As such, the Council's endowment assets (except for funds held at OCF and its interests in perpetual trusts) have been invested in a savings account, where the amount expended each year is the amount of interest actually earned.

Funds held at OCF follow investment and spending policies determined by the Board of Directors of OCF. OCF's investment policy is intended to provide for long-term growth and currently the spending rate is 4.5 percent (per annum) of the average fair market value of the invested assets based on a 13-quarter trailing average.

The Council's interest in perpetual trusts, described in Note 5, is included in the Council's endowment funds. The investment of these funds is determined by the trustees of the trusts rather than the Council.

Changes in endowment net assets, and the composition of those endowment net assets, for the year ended September 30, 2018, are as follows:

From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level of the donor or UPMIFA requires the Council to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature that are reported in unrestricted net assets were \$65 and \$3,376 at September 30, 2018 and 2017, respectively. These deficiencies resulted from unfavorable market fluctuations and continued distributions from OCF.

12. PRODUCT SALES ACTIVITY

Product sales activity consists of the following for the year ended September 30, 2018, with comparative net proceeds totals for September 30, 2017:

		Cost of	Net pr	roceeds

13. PENSION PLANS

Defined Benefit Plan

The council participates in the National Girl Scout Council Retirement Plan (NGSCRP or the Plan), a noncontributory defined benefit pension plan sponsored by Girl Scouts of the USA. The National Board of Girl Scouts of the USA voted to freeze the plan to new entrants and to freeze future benefit accruals for all current participants under the Plan effective July 31, 2010. The plan covers substantially all of the employees of various Girl Scout councils who were eligible to participate in the plan prior to the Plan freeze. Accrued and vested benefits prior to July 31, 2010 are based on years of service and salary levels.

Although net Plan assets grew during the year, net Plan assets available for Plan benefits continue to be less than the actuarial present value of accumulated Plan benefits as of January 1, 2018. Based on the April 18, 2014 conditional approval by the Internal Revenue Service (IRS), all existing amortization bases in the Plan's funding standard account as of January 1, 2013 were combined into one base and the resulting amortization period for that single base was extended to 10 years. Approval applies as long as at a minimum, beginning with the January 1, 2013 calendar year, \$30 million is remitted. The \$30 million calendar year minimum applies for each succeeding calendar year until the Plan is fully funded based upon the requirements of the Pension Protection Act of 2006 (PPA). In addition, on April 8, 2014, President Obama signed H.R. 4275 into law, a relief package unanimously passed by Congress that gives NGSCRP the flexibility to adopt the Pension Protection Act (PPA) funding requirements immediately or not at all. NGSCRP has elected to adopt this relief and not be subject to PPA. Aggregate annual contributions made in fiscal years 2018 and 2017 totaled approximately \$233,800 and \$264,600, respectively.

13. PENSION PLANS, Continued

Defined Contribution Plan

The Council has established a 403(b) employer contribution plan covering all employees meeting certain eligibility requirements. The Council's contribution is at the discretion of the Board of Directors and is currently 3.5% of eligible participants' gross wages. The Council's contributions to this plan for the years ended September 30, 2018 and 2017 totaled approximately \$141,100 and \$125,800, respectively.

14. UNEMPLOYMENT RESERVE

The Council has elected to be self-insured for unemployment benefits. The Council has mitigated the potential for a large number of claims in one year by purchasing a stop loss policy that limits the annual benefit payments. The Council has contracted with a third party trust to manage its unemployment program, and generally maintains a deposit with the trust which is used to pay unemployment claims as they arise. The deposit balance totaled approximately \$82,400 and \$93,000 for the years ended September 30, 2018 and 2017, respectively, which is included with prepaid expenses on the statement of financial position.

15. LEASE COMMITMENTS

The Council leases some of its administrative offices and various office equipment under non-cancellable operating leases expiring at various dates through January 2024.

Rent expense for the above leases and other short-term rentals totaled approximately \$83,500 and \$83,700 for the years ended September 30, 2018 and 2017, respectively.

Future minimum lease commitments under operating leases are as follows:

Year ending September 30, 2	2019	\$ 85,700
2	2020	76,500
	2021	61,100
2	2022	60,000
2	2023	57,000
	Thereafter	19,200
Т	Total	\$ 359,500

16. CONCENTRATIONS OF CREDIT RISK

The Council maintains its cash balances in two financial institutions. Balances in each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The balances, at times, may exceed the federally insured limit. Balances in excess of insured limits were approximately \$2,928,000 and \$3,418,000 as of September 30, 2018 and 2017.

For the years ended September 30, 2018 and 2017, the Council received approximately 72% of total revenue from its cookie sales and fall sale programs. The cookie sale program, which is the most significant program, takes place during the winter each year and involves the selling of cookies by Girl Scout members. This program provides life-long business literacy skills such as goal setting, decision making, money management, people skills, and business ethics. The Council contracts with one supplier for the purchase of the cookies (Note 17).

Financial instruments that could potentially subject the Council to concentrations of credit risk include investments. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

17. COMMITMENTS

The Council has entered into a contract with, an unrelated company, for the purchase of all cookies related to the cookie sale program described in Note 16. The contract was renewed for a new term ending September 30, 2019. Based on historical trends, purchases under this contract have approximated \$2,280,000 per year.

18. FAIR VALUE MEASUREMENTS

Assets recorded at fair value in the statements of financial position are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Level inputs are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2: Observable inputs other than those included in Level 1, such as quoted market prices for similar assets or liabilities in active markets, or quoted market prices for identical assets or liabilities in inactive markets.

18. FAIR VALUE MEASUREMENTS, Continued

Level 3: Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair values requires significant management judgment or estimation.

Fair values of assets measured on a recurring basis at September 30, 2018 are as follows:

The fair value of equity securities is determined by reference to quoted market prices or other relevant market data as provided by the bank or broker.

The fair value for U.S. Government obligations and corporate debt securities are based on pricing models, quoted prices of securities with similar characteristics, yield curves, and other relevant economic measures.

18. FAIR VALUE MEASUREMENTS, Continued

Investments held at OCF represent the Council's share of a pooled investment portfolio managed by OCF. The Council's share of the pooled investment portfolio is not actively traded and significant other observable inputs are not available. However, the underlying investments of OCF are measured by management of OCF using a variety of valuation methods including Level 1, Level 2, and Level 3 inputs. The Council carries its interest in perpetual trusts, described in Note 5, at fair value based on the Council's proportionate share of the underlying investments.

Asse24 ts measured at fair value on a recurring basis using significant unobservable inputs (Level 3 inputs):

19. RELATED PARTY TRANSACTIONS

The Council purchases the majority of the inventory for the Council shop from the Girl Scouts of the United States of America, its national affiliate. For the years ended September 30, 2018 and 2017, total inventory purchases approximated \$330,000 and \$317,000, respectively.

In addition, the Council collects member dues on behalf of Girl Scouts of the United States of America and remits those dues periodically throughout the year for members who register through the Council's office. Dues for members who register online are collected directly by Girl Scouts of the United States of America and are at no time in the custody of the Council. For the years ended September 30, 2018 and 2017, dues remitted totaled approximately \$125,800 and \$89,300 respectively.
