"One thing that makes GirlFest a special experience for Girl Scouts is that they get opportunities to interact with and learn from professional women in a wide variety of fields," says Lisa Gilham-Luginbill, Program Manager for Girl Scouts of Oregon and Southwest Washington. "They can build something with a carpenter, interact with first responders, learn how to measure the wood in a tree with a forester, talk with women in technology and practice a new dance with a professional dancer. Beyond having fun, they're connecting one-on-one and getting inspired about all of the possibilities in their future."
