Volunteering

Girl Scouts is a volunteer-driven organization, matching the skills, interests and availability of volunteers to fulfilling opportunities to support girls’ leadership development. Girl Scouts provides online and in person training tailored to a volunteer’s role, staff and peer support, outdoor and STEM resources, as well as free access to a comprehensive volunteer toolkit for troop leaders.

Girl Scout Program

Girl Scouts unleashes the G.I.R.L. (Go-getter, Innovator, Risk-taker, Leader)™ in every girl, preparing her for a lifetime of leadership—from taking a night-time hike under the stars to accepting a mission on the International Space Station; from lobbying the city council with her troop to holding a seat in Congress; from running her own cookie business today to tackling cybersecurity tomorrow.

The Girl Scout Leadership Experience is a one-of-a-kind leadership development program for girls, with proven results. It is based on time-tested methods and research-backed programming that help girls take the lead—in their own lives and in the world.

Research shows that girls learn best in an all-girl, girl-led, and girl-friendly environment. Girl Scouts is a place where she’ll practice different skills, explore her potential, take on leadership positions—and even feel allowed to fail, dust herself off, get up, and try again.

Girl Scouts is proven to help girls thrive in five key ways as they:

- Develop a strong sense of self.
• Seek challenges and learn from setbacks.
• Display positive values.
• Form and maintain healthy relationships.
• Identify and solve problems in the community.

The inclusive, all-female environment of a Girl Scout troop creates a safe space where girls can try new things, develop a range of skills, take on leadership roles, and just be themselves. Girls are placed in Girl Scout grade levels according to the grade they're in at school:
