

Announcing Additional Overnight Camp Programs!

Girl Scouts of Oregon and Southwest Washington is excited to expand camp programs for the 2022 summer season! By popular demand, we are adding several new Core Camp (troop camp) sessions and programs for girls in grades 7-12. See next page for details.

Registration for additional programs will open on Tuesday, April 19, 2022, at 9 a.m. at girlscoutsw.org/camp!

Core Camp

Enjoy a few days of overnight camp with your Girl Scout troop! Multiple troops live together in the same unit, and troop leaders actively participate in the camp experience with girls. Camp staff lead swimming, boating, an art project and nature activities.

The Core Camp sessions listed to the right will take place alongside our traditional girl-only camp programs, and will have limited capacity (two troops per session). Registration is first-come, first-served and we expect these spaces to fill very quickly. **To register for Core Camp:** Please have one troop leader fill out the [Core Camp Session Selection form](#). Be sure to select all of the dates that your troop is able to attend for a better chance at securing a space.

Classic and Specialty Camps

Classic Camp is the traditional overnight camp experience! Enjoy swimming, campfires, cookouts, paddling on the lake, leadership games, art projects, songs and more.

Specialty Camps include Ride the Coast and Board the coast. **To register for Classic and Specialty camps,** visit girlscoutsosw.org/camp.
